**WHEN
TO USE IT**

**BRAIN BEE
BODY SPECIALIST**

Whenever you need to replace the **BODY COMPUTER** with a **NEW** or **USED** (second hand).

Many problems of auto start (but also others, such as faults to lights or wipers ..) are related to the **BODY COMPUTER**, and can not be solved except with its replacement.

Using the **BODY SPECIALIST** function with your **BRAIN BEE** diagnostic tool allows you to give a simply solution in your workshop, without the intermediation of car maker's assistance. .
